# Nurses are the **heart** of healthcare

Our nurses deliver kindness, dedication, and a special healing touch to all of our patients when they need it most. Nurses are the heart of healthcare. We thank you for making a difference in the lives of others.

*From the President*

**John Ohrnberger**

Brothers and Sisters!

I hope all is well! It has been a turbulent 2020, which no one could have predicted. The last time anyone had seen a world pandemic was 1918 during World War I and 45 thousand US troops overseas died along with 675,000 back home in the USA from the Spanish Flu or H1N1. As of this writing, the US is at 90,000 deaths from COVID-19. We have lost 111 Police Officers (Duty related) so far in 2020 to the pandemic, as reported by the Grand Lodge. The total amount of Officer deaths (Virus and other on duty incidents) has almost doubled from last year at this time. This clearly shows how vulnerable we are as law enforcement officers dealing with the public one on one. National President Pat Yoes is adamant about getting proper equipment (PPE) along with alcohol wipes and decontamination equipment to officers on the street and manning jail facilities. He has hosted meetings which all the state Presidents have been a part of. The meetings included white house and CDC officials. The saying here as I like to say, "Masked up Gloved Up be safe". I know we as FOP members and as Americans will get through this.

The State Conference was scheduled for August 4-8, however, do to the COVID 19 virus the host hotel was not able to accommodate us until November. This is not unusual due to the pandemic other states have postponed their conferences. The new date will be November 4-7 in Fredericksburg. The directors have their room reservations already made and will be forwarded to the conference dates. You can check the conference web site at <https://www.fopva2020.com>. The web site will be updated and we will keep everyone posted. I have been meeting, now virtually with Lodge #15 President Dave Theisen and Director Neil Hornug about the conference. We hope to see you all there in November.

I would also like to congratulate Sister Gwen Orfield of Lodge #47 she is not only the Lodges first female President she also is the lodge's first Sheriff's deputy to serve as president. Sister Orfield is also the managing editor of this journal. Congratulations again Madam President.

Regarding fund raising, we the state executive board have agreed with Mr. Charlie Daniels (Bingo operations) to cancel our contract due to the pandemic. The plan is to replace Bingo with Texas Hold'em at the end of this year. Our other fund raiser CGI has been plugging along, as they are located in Georgia and use credit card donations over the phone. CSG ( Philadelphia PA) who uses retired LEO's as runners to pick up checks from businesses had to shut down for a period of time. They will be restarting collections in June as both PA and VA ease restrictions.

You can call me on my cell at 571-334-2810 so please feel free to contact me.

Take Care and Be Safe.

**STARGATES** is an Engineering and Technology company based in Arlington, Virginia. From our decades of working within the acquisition, research and development community for ACAT 1 programs, we help our clients achieve their most difficult resource, delivery, and mission goals through a collaborative, standardized, repeatable, and integrated approach. We apply this approach to our relationship with each client we serve.

As a Woman Owned Small Business and a Small Disadvantaged Business, we provide a rigorous system and set of criteria to the services we provide and programs we support. They ensure we deliver results to achieve your goals and mission requirements.

Founded in 1997, STARGATES has built its staff primarily supporting Government systems engineering and cyber security services that support missions throughout the United States and abroad. We deliver successful program wide control, monitoring, and risk management.

STARGATES has global experience leading integrated teams providing Systems Development & Integration, Cybersecurity and Information Assurance, and Software Development services. This includes operating, maintaining, maturing, and defending large scale (ACAT 1), complex, enterprise wide networks for the DoD and Federal agencies. STARGATES direct expertise includes providing support to Navy, DISA, DHS and other DoD organizations and programs.

STARGATES brings the flexibility and personal attention of a small business with broad reach and capacity of a large-scale systems integrator.

Our demonstrated successes with our many customers and clients, both government and non-government, reflect our passion for those we serve and how we achieve their mission requirements in the work we do. It is also indicative of our ability to respond quickly to changing requirements. Our customers recognize the quality and value of our employees and continue to reward us for meeting their highly technical and programmatic challenges.

*From the Vice President*

Brothers and Sisters,

I hope this finds you all well in this strange time we are living in. I am confident that we will overcome this pandemic just as we have with past pandemics.

**Harry Twiford**

As I'm sure you have heard, a number of the gaming laws that were proposed in this past General Assembly were passed. Many of the bingo laws were passed however, after much discussion with President Ohrnberger and Legislative Chairman Marty Williams, the State FOP has decided to drop bingo as a fundraiser at this time. It may be revisited in the future. We will be discussing other options for raising funds for the State Lodge at the state conference, so if you have any ideas that would be beneficial to us, please bring those ideas with you.

While at Rally Day, I spoke with several of my state Delegates and expressed our views on much of the proposed gun legislation. While we were successful at getting some of the proposed legislation killed, much of it was still passed. We will continue to fight to keep our 2<sup>nd</sup>

Amendment rights intact, but with the current state government we have, rest assured it will be an uphill battle.

The Southern States Conference scheduled for April was cancelled due to the COVID-19 virus. Additionally, we were not able to gather in Washington DC for Police Week to honor our fellow officers who lost their lives in the line of duty. Hopefully, we will be able to gather together next year to pay tribute to those officers.

National President Pat Yoes has announced that legislation has been proposed that would establish that officers who lost their lives due to the COVID-19 virus would be considered a line of duty death. Senators Charles Grassley (R-IA) and Corey Booker (D-NJ) cosponsored S.3607 the "Safeguarding America's First Responders Act" which says that officers who die from COVID-19 of any related illnesses are presumed to have done so in the line of duty. As of this writing the bill passed the Senate and has been sent to the House. Let's all pray that his bill passes.

I look forward to seeing all of you at the State Conference. I hope I have earned your support as I seek a second term as your Vice President. Again, if there is anything I can do to help you or answer any of your questions, please do not hesitate to call or email me at (757) 619-9786 or coachhrt@cox.net.

Fraternally,

Harry Twiford

# TD & CO.

THOMPSON DAVIS ASSET MANAGEMENT

## RESEARCH | RELATIONSHIPS | RESULTS

Thompson Davis & Co., Inc., is an independent, 100% employee-owned firm focused on providing clients with investment strategies using our proprietary and comprehensive in-house research. Our mission is to offer our clients quality service and solutions best suited to their individual needs. With an uncompromising commitment to integrity and a strict adherence to ethical and professional standards, we employ our knowledge and experience to help clients preserve and grow wealth, ultimately achieving their goals. At Thompson Davis & Co., we trust our disciplined and focused investing process enough to follow it. By aligning our interests with our clients, we are all stakeholders in the pursuit of better returns through intelligent investing.

### **Our Planning Process**

We believe financial planning should be an open, collaborative and continuous process, consisting of identifying financial goals, developing a plan for achieving them, and monitoring progress along the way. Circumstances invariably change, but we are committed to being with you throughout your journey.

### **Analysts | Coverage List**

TD & Co. is an industrial sell-side equity research boutique providing in-depth industry and company-specific research in two primary areas: the Building Materials, Engineering & Construction, and Telecom Equipment sectors (Adam Thalhimer); and the Global Logistics, Supply Chain Non Asset/ Cargo Asset Based sectors (David Campbell). The firm also provides management access in multiple geographies as well as field trips.

### **Live Today, Plan for Tomorrow**

Planning for the future is complex and involves detailed preparation and discipline. From private individuals and corporate executives to small businesses, Thompson Davis can help guide you through the maze of decisions necessary to prepare for retirement. And the journey does not end there. Once in retirement, planning and investment needs will shift along with your priorities. Capital appreciation may give way to capital preservation. Philanthropy may become a focus. Our priority is to help position our clients for the life they want to lead.

### **Research | Relationships | Results**

These three key tenets define our approach to wealth management. Meeting with clients, defining their goals, providing them with appropriate solutions, and helping navigate through inevitable changes along the way, we take a comprehensive approach to wealth management. We have a complete service platform that supports the unique needs of our clients. Our goal is to deliver a consistently excellent experience.

*From the Secretary*

**Ray Clemons**

Brothers and Sisters,

In December 2019, I received a phone call from President Ohrnberger stating that I had been recommended for the State Secretary position. He further stated that Cathi had stepped down and that he wanted to appoint me to the position to finish out the term. I was honored and completely shocked.

I accepted in late December and, with the Board's approval, was appointed to the position. I attended Rally Day and was sworn in at the Directors Meeting. This position has brought some learning curves for me. However, I enjoy serving the wonderful Fraternal order. The FOP is an amazing organization. I would like to thank the Board for trusting me to take on the role of the State Secretary. I am looking forward to our State Conference this year.

As I stated at Rally Day, if there is anything I can do for our Lodges and Members please reach out to me. Feel free to call or email me. Thank You again for allowing me the opportunity to serve this great order.

In conclusion, I hope to see everyone at the conference soon and I pray that for the remainder of 2020 everyone stays safe and healthy.

I hope everyone is doing well. Who would have ever thought that a virus could shut down our country? Let's hope a cure can be found soon.

When it comes to spending our money, I believe we need to look at our Rally Day that is held in January. The evening event that we hold cost thousands of dollars. The intent of the event was to get legislators to come so that members could meet their legislator and talk about bills the FOP endorsed and opposed. Unfortunately, several other events are also being held the night of the event and we are not getting the participation from legislators that we have gotten in the past. I believe moving the event location also hurt but the building is being remodeled and we didn't have a choice in the matter. I believe that we should look at holding a directors meeting only and make it a one-day event not two.

At Rally Day, I spoke about new ways of fundraising. I found a company MobileCause that offers a software that allows text to donate campaigns that I believe would raise thousands of dollars. There is an annual cost for the service which is far less than we currently pay for phone solicitation. At the state conference we will hold a phone con-

versation along with an online presentation with a representative from mobile cause. I looked at several companies that offer this service for free, but they had no live customer service and would only respond to emails within several days. I believe you get what you pay for.

It was decided in May that we would stop playing bingo. It has taken many years of lobbying but FINALLY our great legislators have decided to allow Texas-Hold'em to be played as a fundraising event that will be monitored by the charitable gaming commission. I am hoping that the FOP can start sponsoring this event in January. I hope by the state conference I will have more information on this.

As always I am looking forward to seeing my FOP family at the state conference and stay safe

**Richard Furr**

Greetings, Brothers and Sisters of the FOP!

I hope this finds you surviving these uncertain times and the many drastic changes that have occurred in our work and personal lives. One thing is for certain, we will all be different when we come out on the other side of this situation. If you have a friend, co-worker, or family member that has been affected by this pandemic, my prayers are with you and them.

I would like to draw attention to something that recently disturbed me greatly. This was the recent decision by the Virginia Parole Board to grant parole to convicted cop-killer Vincent Lamont Martin, who murdered Richmond police officer Michael P. Connors in cold blood in 1979. This same Virginia Parole Board had rejected Martin’s parole request just one year earlier. What changed in that year that has now earned him a release?

Fortunately, a group of key Virginia Republicans, including Senate Republican Leader Thomas K. Norment, Jr. and House Republican Leader Todd Gilbert wrote a letter to Virginia Governor Ralph S. Northam

protesting the action of the Virginia Parole Board. They stated in their letter that there were “highly irregular actions” by the Parole Board in the granting of Martin’s release, including and ongoing investigation conducted by the Office of the Inspector General.

Fortunately, Martin’s release has been halted until that investigation has been completed. But there have been several other recent releases that have also been questioned. The question has been raised as to whether the Virginia Parole Board followed Virginia law regarding notification of victim’s families that the violent criminal was soon to be released on parole.

As stated by their letter, we owe it to the victim’s family, to the Richmond Police Department, and to all Virginians to ensure that the process of granting parole is consistently legal, fair, and just.

The granting of parole to a convicted cop killer, who was convicted by a jury of his peers and sentenced to life in prison, is not only a travesty of justice, but is a slap in the face of every law enforcement officer who puts his life on the line every day to protect the citizens of the Commonwealth of Virginia.

Virginia State Senator Mark D. Obenshain recently hosted a Parole Spotlight Series which can be viewed on his Facebook page. It includes an interview with former Virginia Governor George Allen, whose administration was instrumental in many positive changes in the Virginia parole system I would encourage you to watch Senator Obenshain and his guests discuss the shortcomings of the Virginia Parole Board. It will open your eyes!!!

*From the Sgt. At Arms*

**Eddie Stapleton**

Brothers and Sisters.

It has been a busy first quarter of the year in the local and State Lodge. The 2020 Rally Day was very well attended as members met to lobby for legislation that was favorable to our Brothers and Sisters in blue. The FOP won and lost some legislative battles, but we will continue to forge on working toward promoting and creating legislation that will benefit us now and in our future. I encourage all members to maintain a good working relationship or an open line of communication with local and state legislators.

Soon after Rally Day, the world was struck with the COVID-19 pandemic. For me and most of my family and my work Brothers and Sisters, this is an unprecedented time. It is a time of social change, concern for family and friends and all while reporting for our jobs on a daily basis. This can be stressful for even the most seasoned of

officers. However, most Departments stepped up to the challenges of this pandemic and have imposed safety precautions that best fit Department needs while trying to ensure officer safety and health. I encourage all Brothers and Sisters to make the extra effort to reach out and look out for each other. Once thing is certain, we as a Blue Family have always been strong and this pandemic has only made us stronger and we will get through this time together. This summer brings anticipation for the 2020 Virginia State Lodge Conference that will be held in Fredericksburg. Brother Neil Hornung and John Ohrnberger, along with several other members, have been working tirelessly putting together a great conference schedule. I hope that the conference will come to fruition and not become victim to the current pandemic situation. Nonetheless, I look forward to catching up with fellow Brothers and Sisters and working toward having a productive and successful conference.

Lastly, as we move into the last half of the year, Lodge 64 will move into fundraising mode. I anticipate this being a difficult year to raise funds as many people and businesses struggle with the uncertainty that this pandemic has caused on our economy. I encourage all lodges to make efforts in fundraising, but to be mindful of the challenges ahead. Money raised should be returned to help our communities that we serve that are in need during these difficult times. If any members need some fundraising ideas or guidance in working with outside fundraising companies, please don't hesitate to reach out to me. [Estapleton302@gmail.com](mailto:Estapleton302@gmail.com)

## Service-Disabled Veterans Owned Small Business (SDVOSB)

Since its founding in 2002, FRDA has been a provider of choice for select private and U.S. government sponsors seeking creative human-based solutions to challenging mission and technical support issues. FRDA provides clients capable and fully vetted subject matter experts (SME) to address challenging and sensitive requirements. FRDA personnel deliver a broad range of recent and relevant international experience. All FRDA SMEs retain some level of security clearance and constitute a professional cadre with deep expertise in senior government, private sector and/or academic positions. Many of our senior SMEs have held command-level positions in sensitive intelligence organizations or specialized military operations units.

### GLOBAL DEPLOYMENT SUPPORT

FRDA’s niche expertise includes providing effective leadership and management support to U.S. government clients in CONUS and abroad. We have a history of superior performance and are proud of our success in attracting and maintaining qualified, focused, and productive subject matter experts (SMEs) who are highly effective across a broad range of offices and missions.

### FOREIGN MARKET EXPANSION

FRDA has a proven track record of expeditiously deploying specialists internationally on our clients’ behalf. With expertise in Africa, the Middle East, Southeast Asia, and the Balkans, we uncover critical intelligence and deliver turnkey solutions tailored to client objectives.

### SENSITIVE PROCUREMENT SERVICES

As technology has become integrated into normal operations, government and businesses are increasingly challenged in choosing appropriate technical solutions for critical issues, determining technology readiness, engaging stakeholders to establish research roadmaps and communicating technical achievements. Science and Technology (S&T) innovation is essential to meet these challenges and FRDA’s S&T Group provides advisory services to assist clients in making informed decisions with a focus on emerging technologies.

### SCIENCE & TECHNOLOGY ENTREPRISE SOLUTIONS

As technology has become integrated into normal operations, government and businesses are increasingly challenged in choosing appropriate technical solutions for critical issues, determining technology readiness, engaging stakeholders to establish research roadmaps and communicating technical achievements.

### VIRGINIA HEADQUARTERS

**1100 N. GLEBE ROAD, SUITE 400  
ARLINGTON, VA 2220**

**PHONE: 703-522-0001**

*From the Chaplain*

**Jackie Thurston**

Brothers and Sisters,

What a year 2020 has been so far with the COVID-19! I hope you are doing well. Stay safe and watch out for each other during this time of uncertainty. We will get through this together.

It has been my honor and privilege to serve you as Chaplain of the Fraternal Order of Police of Virginia for the past four years.

Since January 2020 and my last Chaplain's report, I have represented the Fraternal Order of Police of Virginia as Chaplain at the following events:

- January 8, 2020 – Attended the Commonwealth Prayer Breakfast in Richmond, VA
- January 21 & 22, 2020 – Attended the FOP Rally Day Events in Richmond, VA
- February 3, 2020 – Attended the Celebration of Life Service of Newport News Officer Katherine "Katie" Thyne in Hampton, VA (Line of Duty Death)

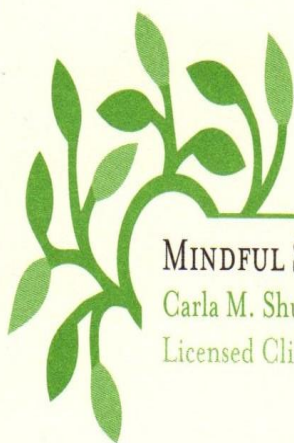

I have mailed out cards to all sick or in distress members that I have been made aware of. If you know of anymore, please sent the information to me at [jdt233@gmail.com](mailto:jdt233@gmail.com). Please keep each one of your thoughts and prayers. I would like to say a special thank you to Bonnie Stinson for all of her assistance in keeping me informed and updated.

Thank you for allowing me the pleasure to serve you as your Chaplain and I want to thank all the lodges and their members for their hospitality during the last four years. I will be seeking reelection to the Office of Chaplain during our August 2020 State Conference in Fredericksburg, Virginia. I ask for and would be honored to have the support of your lodge and its delegates to the Conference.

If I can be of any assistance to you, please feel free to contact me at [jdt233@gmail.com](mailto:jdt233@gmail.com) or 276-494-3054. Take care, stay alert and God bless you.

Fraternally,

Jackie Thurston  
Chaplain  
Fraternal Order of Police of Virginia

*From the National Trustee*

**Thomas Stiles**

I hope everyone is doing well. This has certainly been something I would have not thought would happen in my life time. With that being said it is time to open this country back up again. I really wish our so-called leaders in Washington would quit playing and the party line politics and take care of our country. **YOU WORK FOR US NOT YOUR PARTY.**

Since our National Conference, our President Pat Yoes has set the FOP goals at high expectations that I have never seen before. Even with all the restrictions limiting what we can do, it has not stopped him or slowed him down.

The FOP now has its own APP. We sent the information for you to download it to the Presidents, Secretaries and Directors. If you have not received it, please go to the App Store and download it. This APP keeps you informed and up to date on the current information you need to stay informed. Once you are signed up, you will have the connections to Legislation and all FOP programs that are for members. You will have contacts to all members who are on the APP.

I urge you to check out our newest Health Insurance we have for members through Aetna. This program is top of line and there are three choices for you to decide which is best for you. The prices are extremely reasonable. I believe this is going to end up as one of our biggest benefits. Please take a look at it to see if it will benefit you.

Since coming into office President Yoes now holds monthly meetings with the Trustees and Executive Board members. This is held on Webinar. It is a fantastic tool and we don't have to wait for our full board meetings to get business done for the organization. We can take votes and have them voted on during the meeting.

Since we could not hold our Annual Memorial Service in Washington D.C., we produced a video. I hope everyone got the opportunity to see it. Next year's service will be a long one. The plans, right now, are to do both Roll Call of names.

I am scheduled to be attending our National Board Meeting in Jacksonville, Florida in September. At this meeting we will be voting on the endorsement of President. So please, when you get the ballots for your Lodge to vote, do so. I will then vote according to our Statewide totals. Please use your voice. This is an important election.

Fraternally,  
Tom Stiles

**What is the Ballston BID?**

The Ballston Business Improvement District, or BID, is a 25-block area within the Ballston neighborhood comprised of both commercial and residential properties. The BID is funded by a special tax paid by commercial property owners within our set boundaries. That tax makes up the Ballston BID budget, and funds various projects to maintain Ballston as an ideal destination to live, work, shop, learn and play.

**Our Vision**

Our vision is to create a world-class urban neighborhood that fosters a strong sense of community.

**Our Mission**

Our mission is to create a Ballston that people love through vibrant and dynamic branding and placemaking, elevated neighborhood experience, and relationship-building programs.

**Our Values**

- Build partnerships
- Evoke Emotion
- Give back
- Be transparent
- Do amazing work
- Foster relationship
- Innovate

## MEMBER RECEIVES NATIONAL AWARD

At the 64th Biennial FOP Conference, the National FOP Auxiliary awarded Bonnie Stinson with the M. Michele Letz Merit Award for Dedication and Service. Bonnie is the State FOP Lodge Office Manager and a member of Henrico Lodge #4. This is one of the highest honors an Auxiliary Member can receive. Unfortunately, Bonnie could not attend the conference, so they used FaceTime to connect her to the ceremony! Congratulations to Bonnie for all her hard work! She is an inspiration to all of us!

## LODGE #9

In December, Lodge 9 took 30 children in need to Wal-Mart on Sam's Circle in the City of Chesapeake. Due to our fundraising efforts and some very generous donations, we were able to provide each child with \$200 to shop! The children and their parents met at the lodge that morning and were offered breakfast. We made our way to Wal-Mart where they were greeted by Santa and his helpers. Each child took a photo with Santa and was given a stocking-courtesy of Wal-Mart. They shopped for an hour and a half before taking a group photo outside. We then gathered back at the lodge where the kids and families were fed a pizza lunch while volunteers wrapped their gifts. Another great year!

## Specializing in ground-up core urban development and property management services

Over our 40-year history, we've applied our comprehensive expertise and fully integrated investment management and development strategy to more than 300 large-scale mixed-use projects.

### Managed from the Core

LCOR's residential and commercial property management division oversees more than 10,000 multifamily units, 8 million square feet of commercial space and a substantial development pipeline of mixed-use real estate in our core Northeast and Mid-Atlantic markets.

### Strength in Numbers

Each of our developments is project-financed, using a conservative capital structure to ensure long-term stability. Leveraging our broad expertise, we provide property, development and construction management services.

## LODGE #15

Cub Scout Pack 325 celebrates its Blue and Gold Banquet

Unit Commissioner Josh Wilberger presents Unit Charter to Dave Theisen, Lodge 15 President

Cubmaster Dan Gray addresses scouts and parents of Pack 325 and members of FOP Lodge #15

For Rappahannock Area Lodge 15 this has been a challenging time for all of us. COVID-19 has had a deleterious effect on the men and women in law enforcement, first responders, health care workers, transportation sector, people working in the food industries. For the first time in many years the annual Law Enforcement Memorial to the fallen officers was canceled due to the pandemic. In order to meet the needs of our members the Executive Board has been meeting virtually since April. We've been able to adapt to using the video conferencing technology, but it is not the same as having personal interaction with our fellow lodge members. But we've adapted as most lodges have done. This year we participated in the annual Rally Day in Richmond. We were proud to have our local Delegate Mark Cole as the featured speaker. Our Director, Neil Hornung represented the Virginia Fraternal Order of Police during the annual National Day on the Hill. He was able to meet with all of the Virginia's Congressional Delegation Legislative Staffs and convey the FOP's support for legislation supporting the law enforcement community.

Lodge 15# is the Charter Organization to Cub Scout Pack 325. The FOP is proud to sponsor this organization and provide financial support to the Scouting Organization. The Lodge has also provided financial support to the Law Enforcement Explorer Post, Sponsored by Fredericksburg Police Department.

On a final note, Rappahannock Area Lodge #15 and the FOP Northern Coalition are proud to sponsor the 2020 State FOP Conference. We started out with some very high hopes for an outstanding conference experience. However, the onslaught of a worldwide pandemic was unexpected and understandably has altered our original conference plans. Our conference venue has been shuttered and is not expected to be open in time for the conference. It is our intent to still host the conference but we continue to work toward providing a conference site. We'll continue to provide updates as they become available.

## LODGE #31

Buena Vista Lodge #31 held their 2019 Kids and Cops event at the Wal Mart in Lexington, Virginia.

Pictured is the Lodge President, Mitchell Harrison along with many happy faces! The event was made possible by the Virginia State Lodge Community Grant, Lodge #31 membership, the local Lexington Wal Mart, the area Police and Sheriff's Departments and the generosity of many local community members.

Founded in 1993, and headquartered in Arlington, VA, Winston Partners is a privately held, SEC-registered investment adviser that manages multi-manager long/short equity fund portfolios on behalf of institutional and individual investors.

Approximately 70% of our assets are from institutions, with the remainder from high net worth individuals and family offices. The firm manages three different geographic strategies: U.S., Global, and Asia. We seek to achieve equity-like long-term returns with significantly lower volatility and beta than the broad market indices and to reduce the loss of capital during challenging equity market environments. Our investment and operational due diligence teams conduct deep, thorough due diligence to hire managers who employ a bottom-up, fundamental approach to equity investing.

As of January 1, 2020, the firm manages approximately \$1.1 billion.

Winston's investment objective is to achieve equity-like long-term returns with significantly lower volatility and beta than the broad market indices and to reduce the loss of capital during challenging equity market environments.

To accomplish our objective, we invest in a diversified group of long/short equity hedge fund managers that we believe is balanced across investment styles, sector orientations, geographic regions, and market capitalizations.

Our principals rigorously assess prospective managers' investment acumen, risk management discipline, and the operational strength of their organizations to build conviction in our investments. We seek to invest with managers who have repeatable approaches, differentiated strategies, reasonable asset bases, and focused businesses. Our extensive due diligence process is consistent with our desire to invest for the long-term.

## The Mace of the House of Delegates

A ceremonial object symbolizing power and authority, a mace representing English authority was presented by Virginia's royal governor at Williamsburg in 1700. The House of Burgesses ordered a new mace about 1722. After the American Revolution, the House of Delegates sold the royal mace and deposited the money into the public treasury. This modern sterling silver mace with 24-karat-gold finish was made in England in 1938 and presented into Virginia House of Delegates by the Jamestown Foundation in 1974. When the House is in session, the Sergeant at Arms carries the mace to the House Chamber each day where it is displayed in front of the Speaker's podium. Today the mace is a symbol of the important political and legal traditions shared by the Commonwealth of Virginia and Great Britain.

Jackie Thurston and Karen Smith

**ALCALDE & FAY**  
 WASHINGTON'S OLDEST GOVERNMENT & PUBLIC AFFAIRS FIRM  
*Celebrating 4.5th Anniversary*

Recognized as one of the **TOP 10 MOST INFLUENTIAL LOBBYING FIRMS IN THE COUNTRY** by George Washington University and Lobbyists.info.

"...a core group of 'powerhouse' lobbying firms located within Washington, DC constitute the bulk of lobbying influence in America."

Alcalde & Fay, Virginia, LLC, a subsidiary of Alcalde & Fay, was established to represent clients before the state government of Virginia. Our experience at the highest levels of Virginia state government dates back to the 1980s. Our clients include local governments and corporations with interests before the Office of the Governor, the Cabinet and key agencies, and the General Assembly. Our record of success for our clients, the vigorous advocacy we employ based on our knowledge of the issues, our reputation for professionalism and integrity combined with our personal backgrounds and experience make Alcalde & Fay – Virginia an excellent choice to represent your interests in Virginia. We will give you our very best advice and counsel, work hard to exceed your expectations and will serve as vigorous advocates before State officials on your behalf.

Call us old-fashioned, but at Alcalde & Fay, we never take our clients for granted -- whether past or present. While some of our clients have had only short-term needs, many of our clients have, in fact, been with us for over two decades. Their continued support is the best testament to our effectiveness. We appreciate their confidence and their continued business.

Our expertise, bi-partisan profile and extensive knowledge of the process by which public policy is made, both inside and outside the Beltway, ensures that Alcalde & Fay clients achieve success.

## LODGE #46

On December 8<sup>th</sup>, 2019, Lodge 46 held our annual Holiday Party at Game Works-Chesapeake for approximately 30 lodge members, family and friends.

A great night was had by all as we came together for our social gathering to talk, laugh, and share in a delightful meal. Our lodge Chaplain, Mr. Robert Philcrantz led us in prayer asking for the Lord's blessings for our members and families present, for those members that weren't present due to being deployed or on the front line protecting us, and for those members that have passed away which we were blessed to call a brother.

Congratulations to Kianna Camacho (Tidewater Community College) and to Heather Green (Longwood University) who were the recipients of the Harry N. Garbis Scholarship. Both recipients were awarded by our Lodge President, Mr. Charles Vinciulla.

### **Our Story**

#### *A Quintessential Startup*

Founded in 2006 by the husband and wife team of Tom and Jenny Becherer, Delta Bridge was a quintessential startup operating out of the basement of their Virginia home with just \$25,000 in personal savings. Tom – with a background in the aerospace industry and the defense and intelligence communities – knew that a small, agile firm like Delta Bridge could provide integrated off-the-shelf technology solutions that were faster, better and cheaper than those offered by larger, established aerospace companies.

Having focused in our early years on rapidly building and deploying mission-critical systems into remote, austere and often hostile environments, Delta Bridge has grown into a leading commercial communications systems integrator and consulting firm with a 75-employee team that operates over 1,000 network installations across more than 30 countries.

Now in our second decade, Delta Bridge is a privately-held Virginia-based subsidiary owned by CENTRA Technology, Inc. Yet even with a diverse and growing portfolio and our global reach – offering more than 1,000 integrated systems to nearly 100 customers with some \$150 million in sales to date – we’re still driven by the same entrepreneurial spirit that inspired us to start Delta Bridge 12 years ago: to deliver faster, better and cheaper solutions that secure our customers’ success – anytime, anywhere.

### **Our Mission**

#### *Your Success*

At Delta Bridge, our mission is to help our commercial and government customers succeed with a diverse portfolio of more than 1,000 integrated systems, including: secure, reliable international communications services and support; leased bandwidth services; cyber security and network monitoring; cloud-based data storage and management; and construction management and logistics support around the world.

### **Customer Focused**

#### *Immediate Solutions for Your Urgent Needs*

At Delta Bridge, our customers always come first, and everything we do is focused on one goal – their success. We recognize that our commercial, military, intelligence and diplomatic customers often have urgent needs that demand immediate solutions. That’s why we often deliver most capabilities – even hard-to-find products – to our customers the very same day; if not, then the next.

Many other companies push a single solution or vendor. At Delta Bridge, we listen to our customers’ unique requirements and then focus on delivering the tailored solutions that actually meet their needs and budget. We’re not simply trying to win a contract, we build relationships for the long-term, and we are grateful that more than 90 percent of our customers have been with us since our very first years.

## LODGE #47

Gwen Orfield

For the first time in the nearly 40-year history, Lodge 47 has its first woman as president. Gwen Orfield has been on the Executive Board for nearly 20 years and worked her way up from Trustee, to Secretary to Vice President. I enjoy being a part of an organization that is for law enforcement and the community and whose membership is comprised of law enforcement and individuals of the community who wish to support us.

Her goal is to continue to grow this organization not just with those of law enforcement, but with members of the community. The lodge holds and contributes to some very worthwhile charitable causes. Each year we host Christmas with a Cop. We sponsor approximately 40 children that we shop with at Walmart to get clothes and toys at no cost to them. We contribute to Wreaths Across America to help ensure that every veterans gravesite at the Veterans Cemetery in Amelia has a wreath placed on their grave in December. We also donate to the CASA Superhero Run, Special Olympics and the Law Enforcement Memorial just to name a few.

## LODGE #48

### Lifetime Members

Bristol Virginia Lodge # 48 held its Annual Christmas Dinner on December 12, 2019 at the Golden Corral on Lee Highway in Bristol. We had a good turnout. Lodge # 48 had the honor to award four longtime board members as Lifetime Members in 2019.

Several members won Visa Gift cards, and all had a good meal. The children seemed to enjoy getting together. We would like to thank the Bristol Golden Corral for their assistance and generosity to our lodge. This dinner and fellowship is something we all look forward to each year.

## LODGE #62

This year the Eastern Shore Lodge awarded a \$300 scholarship to Brandon Stubbs. Brandon graduated Broadwater Academy in Exmore, Virginia and will be attending the University of Virginia. He is the son of Robert Stubbs a Lodge 62 member and a Lieutenant in the Eastville Police Department.

Lodge 62 also donated \$250 to the Eastern Shore Community Pre-K Toy Drive. We The Community Club sponsored the drive and our donation was instrumental in the club reaching its desired goal.

It is the goal of the FOP Eastern Shore Lodge 62 to achieve positive community involvement through these initiatives.

### Fraternal Order of Police Supports the ESCC Toy Drive

The Virginia Fraternal Order of Police, Eastern Shore Lodge 62 donated \$250 in support of the ESCC Pre-K Toy Drive sponsored by the We The Community Club.

Pictured above from left are: FOP Lodge 62 President Dennis Schirmer, Dynasia Harmon, club secretary, Janiya Watson, club treasurer, Sierra Rudiger, club vice president, FOP Lodge 62 Secretary/Treasurer Bob Newbert, Kamaiya Smith, club president, and Chevelle Mason, club facility advisor

## LODGE #69

On April 21, 2020, Loudoun-Dulles #69 donated meals for the Loudoun Sheriff's deputies and Fire/rescue personnel at the Dulles South Public Safety center.

A second food delivery was made with the help of a generous anonymous donation and Merones Catering. This time it went to INOVA Loudoun Hospital ER COVID 19 unit.

Below is the e-mail I received thanking our Lodge:

I was the charge nurse on 25 Main last night and wanted to thank you for the generous food donation for our team. You definitely made our night a little more enjoyable:)

Thank You very much. Stay safe and healthy

## FOP & eKnowledge

The former eKnowledge/NFHS Sponsorship Director, Lori Caputo started working with the **National FOP** in 2009. Back in late 2009 the **FOP** and Chuck Canterbury began sharing the sponsorship information. While we are trying to get things going with the current National President Patrick Yoes, I wanted you to know the sponsorship is still available for you.

Many **FOP** Families have been helped, mostly between 2009-2014:    Families assisted: **958**  
Value of Prep donation: **\$477,812**

We have received over a hundred heartfelt thanks and comments directly from our FOP families. If you would like to see all 103 FOP comments, please visit [http://www.eknowledge.com/FOP\\_comments](http://www.eknowledge.com/FOP_comments).

The full price of the program is \$350 to \$1,500, but through the sponsorship, the parents only pay a nominal student fee between \$19.99 and \$49.99. This is a community-service, no-profit-project and all student fees are reinvested to improve the program and reach more families. The project has already assisted almost 300,000 families.

- Two simple options:
1. Email the flyer directly to **FOP** Members.
  2. Post this URL to your various magazines, newsletters, social media and communications channels like Twitter and Facebook: **www.eKnowledge.com/FOP**

**We do everything else! There is no cost to the FOP--just let your membership know this resource is available.**

Feel free to contact me directly if you have any questions **Mike McCracken**  
**Sponsorship Relations**  
**eKnowledge, LLC**  
**951.256.4076**

**NFHS/eKnowledge background:** The Project started over 15 years ago to help students of **US military families**. Over time we grew to have many sponsors--more than 300 groups, organizations, and professional athletes. This opened the benefit to organizations like the **FOP**. A significant moment happened about 10 years ago when The **NFHS (National Federation of High Schools--a non-profit 501(c)(3))** began to sponsor the project and they made our program their official and exclusive SAT/ACT prep program for all their 19,500 member high schools and 12 million students. The Program has over 45,000 5-star reviews from parents and students.

# SAT/ACT Prep

## NFHS Sponsored

### Covid Update

SAT/ACT requirement still in force.

### Updated Exams Schedule

SAT Aug 29, Oct 3, Nov 7, Dec 5

ACT June 13, July 18, Sept 12, Oct 24, Dec 12

[eKnowledge.com/FOP](https://www.eKnowledge.com/FOP)

**The eKnowledge SAT/ACT PowerPrep is officially Sponsored** by the National Federation of State High School Associations (NFHS) as their official SAT/ACT Prep course for all 19,500 member high schools and 12 million students.

The program has assisted almost 300,000 families and has over 45,000 5-star reviews and is fully vetted.

Students only pay a one-time fee between **\$19.99 to \$49.99** for all of their SAT/ACT Prep (**\$350 to \$1,500 value**). All fees are reinvested to improve the program and reach more families. **The Project does not create a profit.**

*"Thank You for the Support of helping dreams become reality ! We've been using the program for over 4 years" Stacy Chartier*

*"Thank you for your generosity and support. It would not be affordable without your sponsorship. It is unbelievable that we have sponsors like yourselves that are willing to help so much in the education of our youth. It is beyond what words can express. Thank you so much!" Shane Himmerich*

**About the PowerPrep:** The only course you will need, whether the exam is next week or next year. All our instructors are professional educators, with advanced degrees. Hundreds of online videos and thousands of detailed explanations. **Live Teacher Chat is now Available.**

IMN Solutions is a global engagement and events management company that partners with special interest communities and organizations of all kinds—including associations, corporations, faith-based groups, and specialty organizations.

We understand the challenge of engaging your audiences as their expectations rise, as costs increase, and as industries become more crowded and disrupted. With four decades of leadership and experience in association and events management, we've been in your shoes, relate to your challenges, and work with you to achieve your organization's mission while enhancing its profitability.

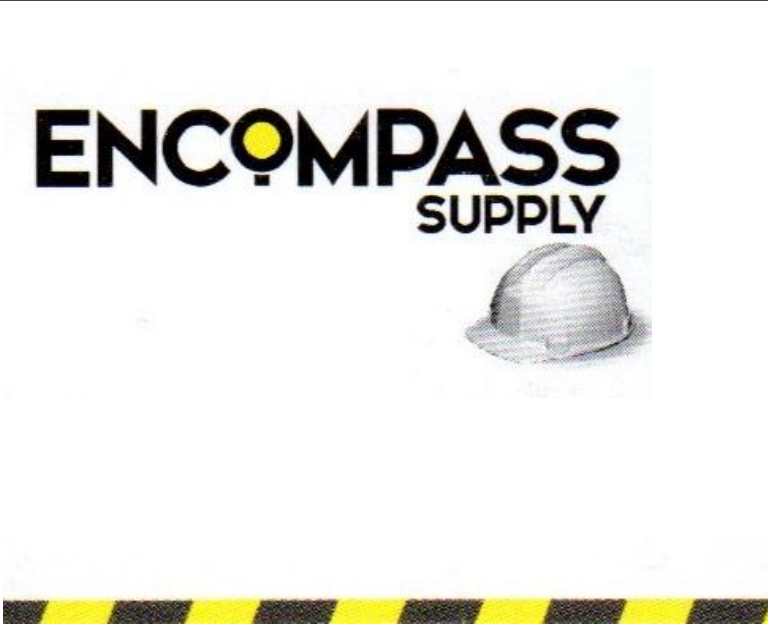

IMN Solutions' expert staff includes some of the most sought-after talent in the industry with in-depth association, meeting and event management experience across a diverse set of industries that is unmatched by our competitors. We are recognized experts within our professional communities and strategic thinkers who value collaboration with our clients to achieve shared goals.

IMN provides a complete range of customized solutions that deliver services directly from IMN and collaboratively through an integrated network of trusted companies whose experience and commitment to client service are consistent with our own.

- OUR SERVICES:**
- Site Selection and Contract Negotiation
  - Meeting and Event Management
  - Housing Management
  - Registration Management
- Marketing Solutions
  - Destination Management
  - Technology Solutions
  - Association Management

## THE WORLD STANDS STILL

It silently swept across the world and, for those that contracted it, it literally took their breath away. Coronavirus, or COVID-19 as it is also known, has changed every aspect of our lives and the world as we know it. The sights and sounds of everyday life can barely be seen or heard. Everywhere, people are being told to quarantine to attempt to slow the spread of this disease. Face masks and other personal protection equipment are the new fashion trend for the foreseeable future. The most vulnerable of our society, the elderly and already infirmed, are the hardest hit and comprise the majority of those who have died from this never-heard-of-before virus.

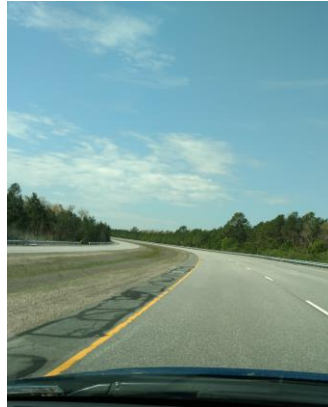

Panic set in and people were rushing to the stores and emptying shelves that once contained cleansers and disinfectants, sanitizers and even toilet tissue. The fear was of being forced to limit public contact and not obtaining what were now deemed necessities.

When you would venture out, the highways were deserted and malls stood like old abandoned buildings. No teenagers gathering, no shoppers finding enjoyment in buying something new and no daily group of mall walkers. In movie theaters, there aren't even silent movies, just silence.

For those of us who are now or have been in Public Safety, we know that what applies to others most often does

not apply to us. We can not shelter in place or avoid public contact. Just as our fellow public safety, first responders and medical personnel, there is no quarantine – no safe place. We have an obligation like at no other time before to keep people safe and to try to stay as safe as we can.

Never before has “We’re all in this Together” been more applicable. So to those on the front lines, thank you will never be enough to express the appreciation you deserve. However, to hear it, always helps to reinforce that we are out there making a difference.

Stay strong and safe  
Brothers and Sisters.

## North America

### Who we are

ST Engineering North America is a U.S. based company with its headquarters in Alexandria, VA that provides integrated solutions to the commercial and government markets in the aerospace, electronics, transportation and marine sectors. With major operations in 17 cities and across 13 states, we employ over 6,300 people who support the U.S. and global critical infrastructure providing a wide range of manufactured products and services.

### Global Presence

Our global network of subsidiaries and associated companies spans more than 20 countries and 40 cities in Asia, the Americas, Europe and the Middle East. Our growing presence in the U.S. where we have operations in 17 cities continues to play a key role in building our position of strength for the next phase of innovation and growth.

With a portfolio of world-class and award-winning solutions ranging from oceanic depths to the expanse of space, we invest in technology to enhance our multidisciplinary engineering expertise and wide-ranging capabilities to meet the challenges of tomorrow.

### Our Vision

Our aspiration is to be a global technology, defense and engineering powerhouse.

Our strategy is underpinned by our values: Integrity, Value Creation, Courage, Commitment and Compassion. Our core values are the key principles that guide our conduct, decisions, actions and business relationships. Our values shape our motivations as we approach increasingly complex needs in our business environment.

### Integrity

We believe the foundation of our business success rests on unyielding honesty, trustworthiness and responsibility for our actions, striving to do the right thing and to fulfill our promises to one another, our customers, partners and stakeholders.

### ***A Passion for Stone***

Our appreciation and respect for marble, granite and other natural stone products is evident the moment you meet with us. Why don't we show examples on our website? Because we believe there is no substitution for seeing and touching stone in person. Not only do we assist you in choosing the perfect stone for your project, we encourage you to select the ideal section of the slab, using your custom project template.

### ***Engineered***

A composite material of crushed stone and polymer resin and usually made of quartz. It has the beauty and elegance of natural stone but is much stronger, resists chips, scratches, crack, heat, and stains. It doesn't require polishing or sealing and its non-porous surface is resistant to scratches and staining and there is no need for sealants.

### ***Natural***

### ***Stone***

Granite, marble, travertine, limestone, soapstone or quartz are hardy surfaces will last a lifetime with minimal care. Natural stone offers a wide variety of color and grains, and you are guaranteed a countertop that is uniquely yours.

### ***Virginia***

### ***Soapstone***

Soapstone is quarried like granite and marble and can range in age from 300 to 400 million years old, depending on its source. The talc present in soapstone makes it soft to the touch but can be as hard as granite and less absorbent than most natural stone.

### ***Customer Satisfaction — Guaranteed***

Nothing is more important to us than a job well done, and we'll keep working until you are completely satisfied with the end result.

# FAHRENHEIT ADVISORS

**STRAIGHT. FORWARD.**

At Fahrenheit, we work with leaders to chart their ultimate destination, map out their options and navigate the best path forward, avoiding trouble spots along the way. Our approach provides seasoned, straight-talking business advisors who work as part of your team, consultants who tackle pressing issues and search experts who help you find the right people to work with you on your journey.

That's why hundreds of businesses trust Fahrenheit to help accelerate their progress and achieve their goals.

Through consistently delivering superior results and nurturing trust, Fahrenheit is committed to improving the lives of our employees, our clients, and the communities in which we work and live.

We will always do what's right
